

POWER SLED W/HARD FEET

The Dynamic Power Sled is a great way to increase explosive power and acceleration for serious athletes. A complete lower body conditioning unit, the Power Sled improves leg, hip, and core strength. Constructed from high strength steel, our sled features a rock-solid, fully-welded frame with skid plates for long-lasting durability on any surface. Three different grip positions combined with optional pavement skis combine to create a hugely versatile training system.

Features:

- Attachable Hard Surface Feet for Smoother Push/Pull on Tougher Surfaces
- Longer Skid Pads for Smoother Push/Pulls on Grass
- Harness Not Included
- Intensive Multi-Stage Pretreatment Process for Long-Lasting Powder-Coat Finish
