

Plate-Loaded Line HEAD & NECK ISOLATOR

A revolutionary machine that works both head AND neck muscles. Fourteen-Year NFL Strength Coach Mark Asanovich worked with Dynamic's engineers to create this single strength training tool that will make football, soccer and other contact sports safer than ever before. The Head and Neck Isolator will build a stronger, more elastic and resilient neck. This unprecedented neck strengthener helps prevent whiplash and reduces the collision forces of the brain against the inside of the skull, decreasing the likelihood of concussion or spinal injury.

Features:

- Everything You Need for an Evidence-Based Head & Neck Strengthening Program
- Based on 6 Routines: Neck Extension, Head Tilt, Neck Flexion, Head Nod, and Neck Lateral Flexion
- Independent Settings for Precise Isolation of the Capital Muscles of the Head
- Multi-Layered Memory Foam, MRSA-Resistant Upholstered Face Pad Comfortably Molds and Conforms to Face and Head
- Custom Color Pad Options
- Intensive Multi-Stage Pretreatment Process for Long-Lasting Powder-Coat Finish

Plate-Loaded Line HEAD & NECK ISOLATOR

Specifications:

FRAME: 2" X 3" 11-Gauge Structural Steel Tubing

WEIGHT: 285 LBS

DIMENSIONS: 44" W x 61" H x 50" L

Conditioning with the HNI is proven to build a stronger, more elastic and more resilient neck. Upon hard impact, this unprecedented neck strength helps prevent whiplash. This reduces the collision forces of the brain against the inside of the skull, decreasing the likelihood of concussion or spinal injury.
