

Titan G2 Series POWER RACK

The Dynamic Fitness & Strength Titan Series Power Rack offers multiple functions and capabilities built upon superior manufacturing and design. The full cage allows for self-spotting arms to be more secure, providing additional safety. It's U-shaped base offers more stand-alone support. The 2" anchor points provide super-efficient and precise height adjustments. The Titan accessories and attachments provide almost limitless options and configurations, offering More Strength Per Square Foot®.

Bumper plates and Barbells shown for display purposes only. Not included with unit.
